Dear Praying Friends,

Thanks so much for your prayers and for those of you who have been concerned and asked about Capitain. He has been diagnosed with gout which will take 6 months to heal. He is experiencing extreme pain in his legs & feet. School starts Sept. 12th—Capitain teaches at the blind school so his return to work is questionable. Please continue to pray for him and his wife that they would experience God's grace and peace and learn the lessons God has for them during this difficult time. Please pray also that God would provide for all of their needs—he is also a diabetic in need of insulin and other supplies to test his blood sugar—I'm sure those of you who suffer from diabetes can relate and know how expensive it can be, but God is able!

THANKS FOR PRAYING!!

Beky
